Dear participant of the 2014 Connections UK Conference,

Attached to this form is a survey in order to gather feedback about the delivery of the "Wargaming 101 Session" offered as part of the 2014 Connections UK Conference.

You do not have to participate in this survey if you don't want to.

The information provided by you in this questionnaire will be used for research purposes. It will not be used in a manner which would allow identification of your individual responses. The survey will be anonymous and the names of those attending will not be made available to the researcher or the presenters of the Wargaming 101 Session.

This form has been given to you because you indicated that you would be happy to receive such a form when you attended the 2014 Connections UK Conference. It has been provided by the administrative organisation dealing with the conference bookings, and your address and personal details have not been made available to the researcher.

The anonymous questionnaires received will be passed to the researcher and will be used to improve the delivery of a revised "Wargaming 101 Session" for the 2015 Connections UK Conference.

Thank you for your time.
