

# ADJUDICATION

MAKING IT UP AS WE GO ALONG?

*Fraser Patrick & Rob Grayston*

# The basics

- Judgement on a choice's effect
  - Will your action work?
- SMEs, control and facilitators
  - It's all their fault
- Sometimes, it goes wrong
  - And that's OK

# Assessment

- Know what you're doing
  - Winging it only gets you so far
- Be clear in what's wanted
  - Clarity is good
- Know the rules
  - Keep 'em in your back pocket

# Conversation

- Take as long as is needed
  - Slow is fast
- Keep in touch with colleagues
  - Keep those comms channels open
- Non-confrontational
  - You're a conduit, not an adversary

# Effect

- Decisive and clear
  - Fog of war should be intentional
- Mark it down
  - Harder to forget
- Final
  - No arguing with the results

*Any questions?*
